

## How to access the Presentation Modules

Once on the 573A D2L site, select PANOPTO tab (upper right hand corner)

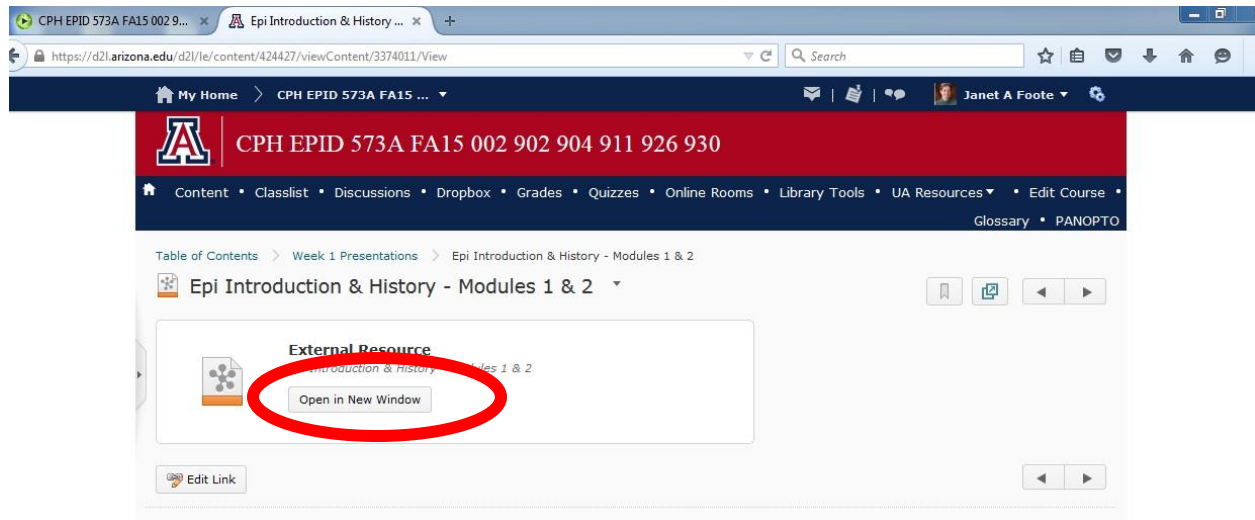

Select “Add tab” + at the top of your browser window and start typing in “d2l.arizona.edu...” to bring up your course page again. Note, you are keeping the Panopto resource open (little green circle with left-pointing triangle in it).

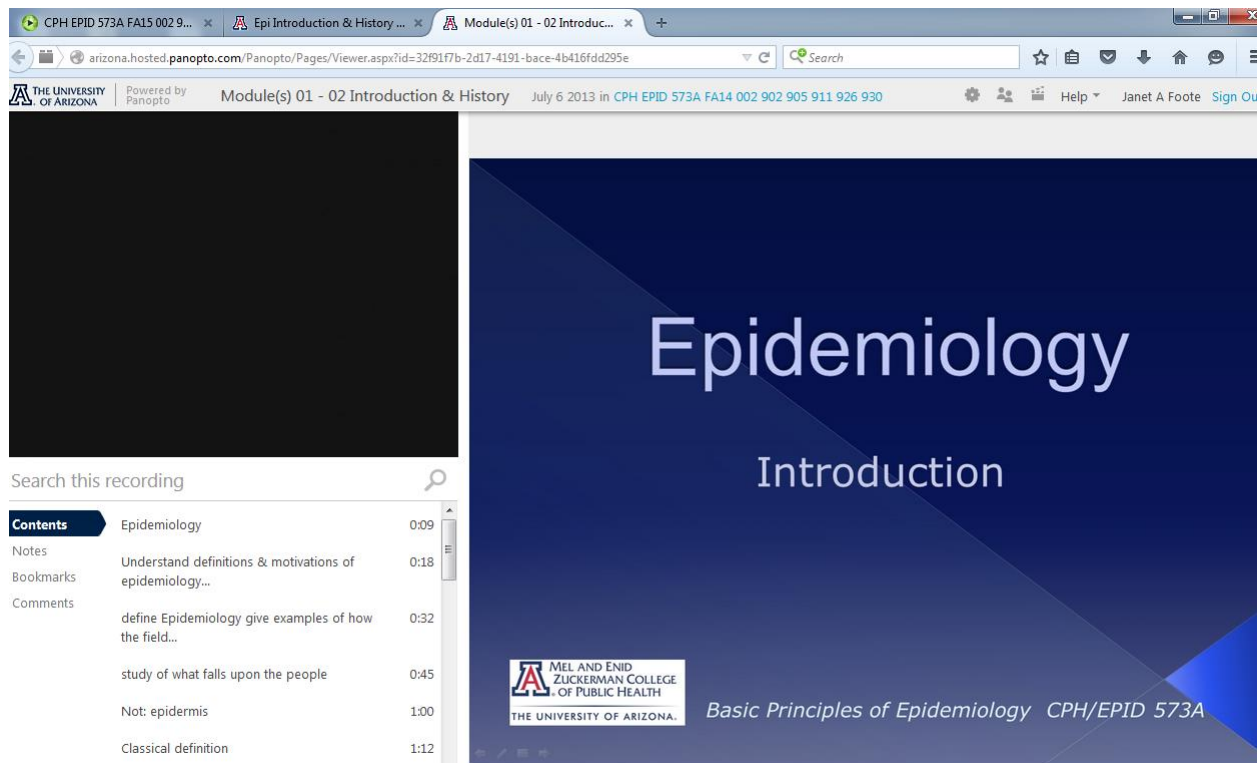

Select “Content”, Week 1 Presentations, and then select the specific presentation (i.e. Epi Introduction & History). It will take a few seconds to load and you will be directly at the presentation site.

Depending on your approach, you may see the following page, but selecting the option will get you to the same presentation....

After your selection and a few seconds of loading time, you will be at the start of the specific presentation module:

Yes, there are more ways to get to the Presentation modules. Below is a different approach:

## SECOND APPROACH:

Once you get to the Week 1 list of Presentation modules, select the Panopto Gateway link at the bottom of the list:

The screenshot shows a web browser window displaying a course page. The browser tabs include 'A15 002 9...' and 'Week 1 Presentations - CP...'. The address bar shows a URL from 'ona.edu'. The page header features a red banner with the course title 'CPH EPID 573A FA15 002 902 904 911 926 930' and a navigation menu with links like 'Content', 'Class', 'Discussions', 'Dropbox', 'Grades', 'Quizzes', 'Online Rooms', 'Library Tools', 'UA Resources', 'Edit Course', 'Glossary', and 'PANOPTO'. The main content area is titled 'Week 1 Presentations' and includes a search bar, a 'Print' button, and a 'Settings' button. A list of presentation modules is displayed, each with a checkmark in the right margin. The modules are: 'Epi Introduction & History - Modules 1 & 2', 'Causation Definition & Motivation - Module 3', 'History of Causation - Module 4', 'Causation Models - Module 5', 'Causation Criteria - Module 6', 'Causation Assessment - Module 7', 'Patterns / Descriptive - Module 8', and 'PanOpto Recordings'. A red arrow points from the top left towards the 'PanOpto Recordings' link, which is circled in red.

Module	Status
Epi Introduction & History - Modules 1 & 2	✓
Causation Definition & Motivation - Module 3	✓
History of Causation - Module 4	✓
Causation Models - Module 5	✓
Causation Criteria - Module 6	✓
Causation Assessment - Module 7	✓
Patterns / Descriptive - Module 8	✓
PanOpto Recordings	✓

When entering the Panopto application with this approach, you will see a list of all the course presentations in order. You can check your Schedule-at-a-Glance to select and start viewing the specific presentation you wish to view.

The screenshot displays a web browser window with two tabs: 'D 573A FA15 002 9...' and 'PanOpto Recordings - - CP...'. The address bar shows the URL: <https://d2l.arizona.edu/d2l/le/content/424427/viewContent/3557032/View>. The course title 'CPH EPID 573A FA15 002 902 904 911 926 930' is prominently displayed in a red header. Below the header is a navigation bar with links: 'My Home', 'Content', 'Classlist', 'Discussions', 'Dropbox', 'Grades', 'Quizzes', 'Online Rooms', 'Library Tools', 'UA Resources', 'Edit Course', 'Glossary', and 'PANOPTO'. The main content area shows a list of recordings under the heading 'PanOpto Recordings -'. The recordings are listed as follows:

Thumbnail	Title	Date	Duration
	Module 01 & 02 Introduction & History	7/5/2013 in CPH EPID 573A FA15 002 902 904 911 926 930	27:46
	Module 03 Causation Definition & Motivation	7/6/2013 in CPH EPID 573A FA15 002 902 904 911 926 930	6:38
	Module 04 History of Causation	7/6/2013 in CPH EPID 573A FA15 002 902 904 911 926 930	3:25

The presentations do have sound so make sure your speakers are turned on. Keep in mind that many speakers have a physical volume knob along with volume controls (often two separate places) in your settings. The Presentations themselves also have a volume setting that you can control. Under the **Resources** section of your Course Content Tree you can find a hard copy compilation of all the slides used in all the recordings.

**If you reach a page that wants you to “log in” to PanOpto and provide a password, you have not used the above correct process to reach your recorded lectures. You will need to start over from your Table of Contents page, Select PANOPTO Integration, then select the Table of Contents again, and then select the recording you want to view.**

Both Dr. Pettygrove and I have worked on the recordings so you will notice different voices and approaches. Yes, sometimes there is a bit of time (a few seconds) before we start talking. I apologize for this breathing (okay gotta smile sometimes at quirks we deal with) – I am still trying to have some time to “clean up” a bit of the leading sections on the recordings.
